Mallory's Racket.

Everybody seems to want a greater
variety and low prices. It looks as
though you could buy almost any
thing at about the cost of the
wrapping paper.

WELL, IT'S NOT A BAD IDEA!

No Americans would just do, impose or draft
upon his frequent visitors or those who come
to him, by making the world gathering
up the gifts given to the people over here.
Should it be thought that the author has given too much,
it is very well known how inferior the

MRS. CLEVELAND.

Her Letter to the *Globe* *Editor*
New York, Sept. 6.—The following
letter expires itself:

EXECUTIVE MANSION, Washington
D. C., Sept. 6, 1887.—Hon. Abram S.
Howe, Mayor of New York City—
Hon. G. Beaman, President Board
of Aldermen; Hon. James E. Fitzgerald,

Gentlemen—I have received your
pleasing note requesting me, on behalf
of the donors of certain flags to be
presented to the New York Fire
Department, as well as in behalf of
of the citizens of New York generally,
and the executive and legislative
branches of the city government, to
deliver the colors mentioned to the
fire department, on such day in Sep-
tember as shall suit my con-
venience. It would certainly
afford me pleasure to contribute in
any degree to the significance of this
occasion and to the satisfaction of the
brave and gallant men whose services
are thus to be recognized. I hope
however that I shall not be under-
stood when I base my declination
of your kind invitation upon my un-
willingness to assume that, as wife
of the president, ought to participate
so prominently in a public ceremony
in which he took no part.

Yours very truly,
FRANCIS FOLSON CLEVELAND.
The letter was in Mrs. Cleveland's
hand writing.

LABOR NOTES.

THREE HUNDRED MINERS,
BUZZARD, Ind., Sept. 6.—The three
hundred miners employed in the
Nilesplate and Chenoa mines, oper-
ated by the Jackson Coal and Mining
Company, struck yesterday over a
two weeks pay day. They demand
that payment be made on the first and
third Saturdays of each month and up
to the week preceding. The opera-
tors propose to pay on the second
and fourth Saturdays to within two
weeks of the day. This is the first
strike that has occurred here in two
years. It was precipitated by miners
outside the association which is to
arbitration. The strike will hardly
extend to the other mines, as all other
miners pay as desired.

Medicines that are burdensome and de-
structive to the body from those called
tonics, every one of which has its
own special Liver, and every one of
which may be cured by Simmons Liver Regu-
lator.

This purely vegetative medicine, not a cure
for all diseases, is specially for the cure of Liver Complaint
and all diseases arising from that disease.
Among them are: Diarrhea, Biliousness, Constipation, the measles, Fluxes,
Colds, Jaundice, common Liver and Acid.
All these diseases are cured by Simmons Liver Regu-
lator. It removes the cause which per-
tains to them and permits Nature to work her
own cure. Non-toxicine except with the
Stamp to red on front of Wrapper, and the
name of J. H. Zellin Co. on the side.
